Building Lifetime Trust

On behalf of PACT,

BIAWA and our board would like to wholeheartedly thank **Allison Opson-Clement**, Trust Administrator and **Robert Zielke**, Trust Manager for there years of service to our PACT community.

We wish Robert and Allison all the best as they move on to focus on Altruist Trust Co. & Fiduciary Services, Inc. With community service at his core, Robert will continue to provide his support and expertise to PACT as well as remain a key supporter of the Brain Injury Alliance of Washington as a whole.

We'd also like to take this opportunity to introduce **Randi Carter** as our Trust Administrator and primary contact. Some of you may have met Randi as the Fund Development Coordinator for BIAWA. We would like to thank you in advance for your patience. Randi will be working with Robert and Allison with a shared goal of a "nearly" seamless transition.

More great news is our contact information will not be changing so there's no need to update your contact records for us!

PACT

P.O. Box 3044
Seattle, WA 98114
